

G24™

NIGHT VISION GOGGLE MOUNT

PRODUCT ILLUSTRATED
IN TAN (-T)

PRODUCT OVERVIEW

The G24 low profile breakaway mount has become the night vision goggle industry standard. The G24 offers universal goggle mounting solutions for any night vision goggle with a dovetail shoe. During the G24's initial development, extensive operational input was considered and since it's initial fielding, millions of operational hours have established operator muscle memory. Pioneering the "break away" feature, this mount has built safety into it's design by disconnecting from the base under stress which reduces the potential for neck injury. This mount can be summarized in one word – quality. The superior finish, attention to design and functionality, the G24 optimizes the use of your night vision goggle.

NVG COMPATIBILITY

AN/PVS-15, AN/PVS-18, AN/PVS-31/BNVD

GPNVG-18 (DOVETAIL), AN/PSQ-36 FGS (DOVETAIL)

**Other NVG/THERMAL devices are compatible but require additional accessories. Please call customer service for more information.*
